- Weekly Deep Cleaning of high touch areas, such as door handles, light switches and elevator buttons if applicable
- Detailed cleaning of breakroom and kitchen, including appliances, countertops, and sinks
- Interior and Exterior Window Cleaning
- Carpet Shampooing or steam Cleaning on monthly basis.
- Disinfection of common areas using EPA-Approved disinfectants
- Quality Control Manager

I was given a referral to Denzel and the EcoFi team. I was provided with a very competitive quote for what I would consider very demanding needs as it relates to cleaning. My primary concern is a laser room that has very strict needs and the job must be done at nothing less than perfect. I have been very pleased with the service we have been provided to this point. Denzel is always a phone call away if I ever have questions or needs, I would like to discuss.

I feel confident recommending his services to anybody in need.

Tom B. - Travers Lasik Vision Care
